

“TNT” COATED 3/8" HIGH DIE RULE CUTTING BLADES

for use with WPM Rotary Cutters and Die Cutters

“TNT” Coated 3/8” High Die Rule Cutting Blades

Walt Powley Inline, Inc. is the worldwide leading supplier of replacement cutting blades for use with WPM rotary cutters. Our “TNT” coated die rule cutting blades are manufactured to exacting height specifications ($\pm .0005$ ") and include an enhanced cutting edge coating that provides maximum knife life and superior cut quality even against the most aggressive paper stocks!

Features

- Premium replacement die rule cutting blade.
- Enhanced “TNT” cutting edge coating will dramatically increase knife life.
- Best used for thick and / or aggressive paper stocks, two web inline / offline finishing systems and longer production runs.
- Manufactured to exceed OEM specifications.
