

HEAVY DUTY " TNT" COATED CUTTING BLADES

for use with Vits and Scheffer + Global Web Finishing Rotary Cutters

"TNT" Coated Heavy Duty Cutting Blades

Walt Powley Inline, Inc. is the worldwide leading supplier of replacement cutting blades for use with Scheffer + Global Web Finishing rotary cutters. Our heavy duty cutting blades are manufactured to exacting height specifications (+/- .0005") and include a specialized cutting edge to maximize knife life and provide superior cut quality.

Features

- Heavy duty (thick) replacement cutting blade.
- Enhanced "TNT" cutting edge coating will dramatically increase knife life.
- Best used for thick and / or aggressive paper stocks, two-web inline / offline finishing systems and longer production runs.
- All blades are .875" high, with length and notch variations as shown.
